Investment in Zhejiang r. bourgeois mechanics

JFE Shoji Trade Corporation (President : Naosuke Oda, hereinafter called JFE Shoji) has invested in Zhejiang r. bourgeois mechanics (hereinafter called RBZ), a subsidiary in China of r. bourgeois S.A (President : Mr. Raymond Nicolas Bourgeois, hereinafter called RBB) in April, 2019.

RBZ is a manufacturer of motor lamination core, established in 2010. RBZ manufactures motor lamination core and mainly supply its products with Europe automobile parts manufacturers operating in China and local customers in China.

RBB, a parent company of RBZ and JFE Shoji Steel America, Inc., a subsidiary in United States of America of JFE Shoji established the joint company to manufacture and supply motor lamination core in North America in 2014. RBB and JFE Shoji have created a partnership and established trusting relations.

Through the investment in RBZ, JFE Shoji forms an alliance with RBB in China as well as North America and captures the expanding demand of automotive motor core lamination in China promptly.

With mutual strengths and resources, JFE Shoji and RBB will expand and develop business.
